The third abyss

The third pit or abyss is replacing the rule of Allah for a different one whether it was one rule or a group of rulings as a permanent measure (In contrast to the previous abyss which only applies in specific situations for a desire or a bribe etc.)

An example of replacing a single rule of Allah: E.g., Replacing the punishment of chopping off the hand of the thief who matched the conditions for the punishment to imprisonment for 5 months not caring whether the thief comes with a bribe or nor, not caring whether the thief is related to him or not. He changed the ruling and applied it on everyone and every single time.

An example of replacing a group of Allah's rules is what we see today. All rules around us are man-made laws except those which deal with personal affairs such as marriage, divorce and inheritance.

Replacing an Islamic rule or a group of Islamic ruling for other man-made rules not taking into account whether he formed these rules from him head or he got such rules from the constitutions of France or England or the US or the Mongols etc.

Regarding such image the respectable scholars have a consensus that such image takes an individual outside the fold of Islam as proven by the Quran, Sunnah and Ijma'a.

From the Quran Allah says in Sourat Al-Maidah: 44/45/47: **"And whoever does not judge by what Allah has revealed - then it is those who are the disbelievers." Defiantly disobedient." The wrongdoers."**

The above verses apply to Major Disobedience

(Fisq Aqbar) and Major wrongdoing (Dhulm Akbar) which are synonyms of Shirk.

Shaykh Abdul Attif ibn Abdul rahman Ibn Hassan Ibn Muhammad ibn Abdul-Wahab RA said: **"As a rule terms such as Kufr, Injustice (Dhulm), wrongdoing (Fisq), Al jahiliyah, whenever such terms are mentioned in the book of Allah initially, they refer to major disbelief unless something deters it from meaning, so in the context or from a different evidence which changes the meaning from Major Disbelief to Minor Disbelief, from Major Dhulm to Minor Dhulm, and from Major Fisq to Minor Fisq."**

Allah says in Al-Baqarah 254: **"And the disbelievers - they are the wrongdoers."** He also says in Sourat Luqman 13: **"O my son, do not associate [anything] with Allah. Indeed, association [with him] is great injustice."** Allah referred to Shirk/Disbelief as injustice or Dhulm.

He also said Sourat Al-An'aam 82: **"They who believe and do not mix their belief with injustice - those will have security, and they are [rightly] guided."**

When this verse was first revealed the companions of the prophet PBUH found it hard to apply literally as narrated in Al Bukhari, then they went to the prophet PBUH to ask him about how difficult it was for someone to live his whole life without making injustice towards themselves by making mistakes, he then answered them by saying: **"Didn't you hear the words of the wise man "do not associate [anything] with Allah. Indeed, association is great injustice"?"**

Meaning that the verse they asked about is referring to Major Dhulm which is synonymous with Major

Shirk, he then quoted the verse to explain it.

Same applies with the word Fisq.

Notice how Allah referred to Iblees who is a Kaffir as a Faasiq in Sourat Al-Kahf: 50 **“Except for Iblees. He was of the jinn and departed (Fisq) from the command of his Lord.”** And the action which Iblees made was disbelief which was referred as Fisq meaning Major Fisq.

every Kufr which is mentioned in the Quran and Sunnah is referring to Minor Kufr by default unless the heart makes Istihlaal, or the heart rejects the ruling or the heart doubts or the heart is arrogant.

This rule which he innovated is a rule which is soaked in Irjaa’a. Shaykh Ibn Taimiah RA said: **“Knowledge is what people agreed upon.”** But this man wanted to make his own rules and he wants us to base our Islam on it.

The only reason why he came up with such a faulty statement is because he confused the causes of Kufr and the types of Kufr.

Notice how Allah says in Al-Ankabut:47: **“And none reject Our verses except the disbelievers (Kafiroun).”** And notice in the next verse where Allah says Al-Ankabut: 49: **“And none reject Our verses except the wrongdoers (Dhalimoon).”**

Is rejecting the verses of the Quran, Minor Kufr or Major Kufr? It is major Kufr.

The previous verses support the rule which we established, which is when the words **“Kufr”** or **“Dhulm”** are mentioned in the Quran, by default they refer to major Kufr unless something is narrated which changes it to Minor Kufr. That is the opinion of many scholars like Imam Al-Qurtubi RA who says in his Tafsir on Al-Ankabut: 49: **“Al-Dhulimoon in this verse means the Kufaar”.**

Same applies with the verses of Sourat Al-Maidah: 44/45/47: **“And whoever does not judge by what Allah has revealed - then it is those who are the disbelievers. And whoever does not judge by what Allah has revealed - then it is those who are the defiantly disobedient. And whoever does not judge by what Allah has revealed - then it is those who are the wrongdoers.”**

Rejecting the verses of Allah from Sourat Al-Ankabut is considered Major Kufr, even though it was referred to as **“Dhulm”** in the Quran and ruling by other than what Allah has revealed is Major Kufr, even though it was referred to as Dhulm/Fisq. So, if any Murji’i tries to form rules from his desires to make seem these verses from Sourat Al-Madih referring to Minor Kufr, then we expose how wrong that rule is by mentioning the verses from Sourat Al-Ankabut: 47-49 and tell him that if that’s how he reads the book of

Allah then according to his false assumption or wrong rule, rejecting the verses of Allah is also minor Kufr, because the verses from Al-Madih and Al-Ankabut both have the same words in their end. It is either that or it is a double-standard when dealing with the book of Allah. These are not the only evidences that ruling by other than what Allah has revealed is Major Kufr; we can also check the event behind revealing the verse (Asbaab Al-Nuzoul).

Shaykhul-Islam Ibn Taymiah RA said in his book (introduction to the fundamentals of Tafsir): **“Knowing the event in which the verse was revealed helps the seeker of knowledge to understand the verses in the Quran.”**

The verses from Sourat Al-Maidah (44/45/47) were revealed because of an event that happened to the Jews as narrated in Musnad Ahmad RA. This verse was revealed when the Jews said that adultery has become widespread amongst their noble families, so they used to apply the Hadd of adultery (which is stoning for a married individual) on the weak ones and refrain from doing the same with those from the noble families, then they gathered and said: **“Why don’t we come up with a common ruling which we equally apply on the noble and the weak?”**

So, they agreed replacing stoning with flogging, humiliation and parading them in public (Tahmeem: painting the face of the person black while making him ride a donkey facing the opposite side around the city). It never said that they made Istihlaal on flogging and parading in public. It never said that they only rejected the ruling of stoning in their hearts.

Just the mere action of replacing a single rule which was revealed by Allah for a different one was enough as a reason for Allah to label them as disbelievers. Leaving no room for anyone to consider what the Jews did as Kufrun Duna Kufr (Major sin) or Minor Kufr. Another evidence to support this is verse 193 from Sourat Al-Baqarah where Allah says: **“And Fight them until there is no [more] fitnah and [until] worship is [acknowledged to be] for Allah”** Allah instructed the believers that the reason behind fighting is to eliminate Fitnah. But what is Fitnah referring to in this verse? Abu A’aliyah RA, Ibn Abbaas RA, Al-Suddi RA, Mujahid RA, and other scholars said: **“Fitnah in this verse is Shirk (Disbelief)”**. Imam Al-Maawurdi RA narrated a consensus by saying: **“Verily it is disbelief based on the agreement of all”**.

So, we should understand that the verse is meaning that we must fight them until there is no more disbelief.

With cheap and easily accessible internet across India, online global community has seen a sharp rise in Indian propaganda. Across social media, Indian propaganda, especially the far-right Hindu propaganda, has tainted the stench of cow urine, to such instinct that the outside world has become familiar with the reality of those typists who expose their vulgar ideology by their keyboards. Thanks to which, due to their inferiority complex, all these modern Hindus have been exposed, from their willful enslavement to the white skin to being enslaved to their lustful desires.

Hinduism is barely an ideology, rather it is a severe case of mass mental disorder. Because these are the millions of people who adhere to a mentality where they acknowledge that the reality of Hinduism is nothing but myths, the myths in which their gods commit fornication, forget to identify their own children, get kidnapped, look like monkeys and elephants, and much more. It would not be an exaggeration to say that their concepts could be considered as the content of their next big hit release by any Hollywood director. So, this is the reality of Hinduism which is nothing but a stain on the face of humanity.

These are the people who were uncivilized until the Muslims brought a systematic principle and decency to them - where they learned the basics, from toilet hygiene to not burning their widows alive along with their dead husbands. These are people who were ruled by the Muslims and then later by the British for hundreds of years, until the British used their cunning politics to disguise their creation of India as a nation-state and labeled it as **"Freedom"**. Since 1947, these Hindus have been under the illusion that India is for them and has always been. When was the last time these filthy urine drinkers and rock worshippers were united and were able to rule? Who was in power when India was considered the richest country in the world? History and facts make it clear that they were Muslims. But Hindus are under the illusion that is far away from reality. They are delusional to think that the infidel tea seller Narendra Modi is going to fulfill their dreams. He wants to fulfill only one dream: to create a caste-ridden Hindu society in which the Brahmins and the upper caste Hindus force the majority untouchable Hindu population below them to carry their garbage. However, the untouchable Hindus, who have elected them by their own votes, deceive themselves into thinking that perhaps they are their savior.

This is just one of their self-deceptions, while there are countless deceptions like this from which any sensible person can understand their pathetic mental backwardness. One such deceptive belief is that all people in India were first

Hindus and that Muslims in India need to do **"Ghar wapsi"**, It means "returning home" or in other words, become a Hindu, which they consider to be the true religion of the people of India, and so they accuse Muslims of converting and abandoning their original religion, as if religion only is an ethnic or cultural label. Certainly, these idiots

do not

understand Muslim theology or else they would be well aware of the Islamic belief in fitra (that all humans are born on the essential nature of Islam and recognize tawheed) and that the Prophet Adam (AS) was the first human and one who submitted his will to Allah, and therefore he was a Muslim. The one who strays from the religion of Adam (PBUH) is the one who abandons the true religion of humanity. And if the early Muslims in India had converted to Islam, it would have been their choice to convert to Islam and believe in one God - which is far better and more correct than blindly following their forefathers. A belief is what people choose for themselves. Muslims do not insist on the faults and shortcomings of their forefathers if they had wrong beliefs nor are they responsible for them. These Hindu morons also do not understand their own history, let alone world history.

If they did, they would refrain from such foolish claims and understand why Hinduism is not taken seriously much anywhere outside India.

If it is put to the test of real religions, then this absurd religion is unable to compete with any academic, scientific,

when these Kuffar were unable to confront the strong and firm rules of Islam, they interpreted it as the same filth that was filled in their skulls by drinking cow urine.

So, when they saw that Allah's help had come with the proclamation of Khilafah and people started converting to Islam in droves and Muslim immigrant men and women started turning towards Islam, these short-minded people thought that maybe this is also the same filth that is reflected in the eyes and actions of these lustful people all the time. Thus, their stupid intellectuals and educated ignorant people interpreted the pure and chaste marriage bond between the Muhajireen and the Ansar according to their mentality and come up with such words like **"Love Jihad"** or **"Jihad un Nikah"**. This was printed in newspapers and in the headlines. Where this term was used by the world, these monkey and elephant worshipping Hindus were prominent among all.

This is nothing except a bogus conspiracy theory that echoes inside the Hindu eco-chamber to enable their delusions and convince themselves. In order to occupy India, they claim that Muslims are pretending to be Hindu to

geopolitical, or any sound epistemic, critical point of view. Islam is the only one that passes.

Kuffar from all over the world, and most prominently the Hindu nation, test Islam and its rites and precepts on the basis of their wicked thoughts and standards, because of their mental inferiority. While all the Kuffar are suffering from mental and physical distortion, the Hindu nation is not only a victim of it but also the worst of them all, because they have succumbed to such vile desires that they have made the private parts their Gods. No religion in the world has gone so low. And Hindus have fallen to such an extent that they left the whole body of their false gods and went only to their private parts, and then hung them in their houses, temples, alleys and even around their necks. So, the nation that has fallen into such filth that worships the private parts and drinks the urine of animals, will it analyze Islam and its great and glorious rites??

Will such a degenerate and petty religion, compete with a religion like Islam which is so strong and reasoned and has high values and morals? So, doom to those Hindu, Sikhs and Buddhists who are unable to understand the high and superior, pure and clean concepts and ideas of Islam. So,

lure Hindu women into love, and then either they kidnap them or forcibly convert them to Islam to marry them. Our Muslim men have ample opportunities to marry our own Muslim women who are pure and chaste. If Hindu women see the filth in Hinduism, get fed up with its cruel dowry system, don't want to be burned to death with their husbands, want to deny this oppression and would rather become Muslim by conversion so as to enjoy the rights that Muslim women enjoy, then of course we welcome that. It is also true that they recognize the falsehood of Hinduism and realize the Oneness of Allah. You cannot prevent anyone with a sensible mind from reaching this conclusion.

It is true that we Muslims are going to occupy not only India but the whole world, but not with secret plans or "Love Jihad". Rather, we are open about our goals and we don't fear - we declare our jihad openly to the whole world, unlike the ungrateful and deceitful Jews who make secret plots, stab their allies in the backs and to those that once sheltered them.

On the contrary, the fact is that the infidels and polytheists use their women on every place, from selling a piece of soap to putting them on the risk in battlefields. This can

only be expected from the people who are not familiar with the honorable and pure values.

In Islam, fighting is not obligatory on women, while the Kuffar and Mushrikeen have forced their women to fight and drag them to the battlefield every day, this is the stamp on their cowardice. So, woe to those Mushrikeen, whose women are barren from giving birth to soldiers of the battlefields, and their armies were forced to drag a common soldier and even their women into the warzone.

Indeed, Kuffar are only giving themselves a kind of self-satisfaction by saying such humiliating things which they themselves have fallen into. Also, die in your rage and fantasies for Muslim women, you losers. We are men and as long as we are alive you will never even dare think wrongly about our sisters.

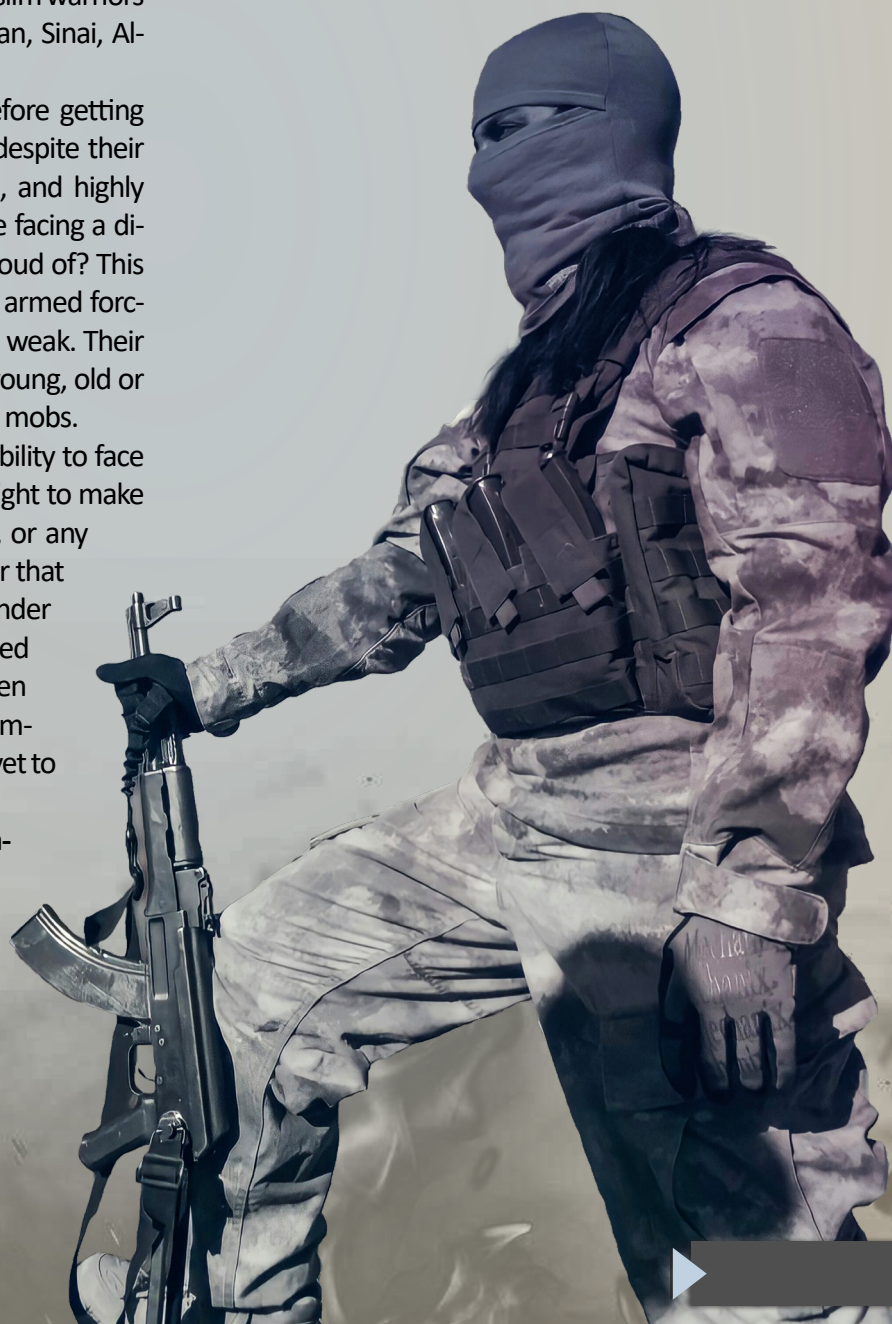

Another delusion of these Hindus is that they think they will win the war against Islam. We ask them to ask their masters i.e., white Europeans and Americans who they worship and take as role models. Ask them what has been their condition in fighting Islam. Let them tell you what it is like to fight Mujahideen. Ask them what it likes to face the ferocious and intense battle waged by the Muslim warriors in Syria, Iraq, Somalia, West Africa, Afghanistan, Sinai, Al-Quds and around the world.

India and its Hindus should be careful before getting involved in this war because the Crusaders, despite their strong economies, intelligence infrastructure, and highly developed and well-funded armed forces, are facing a dilemma. What does India have, that it is so proud of? This country is the weakest. The young men in its armed forces are malnourished, poor, impoverished and weak. Their Hindutva groups are only able to beat really young, old or helpless Muslims and that too only by making mobs.

So, do you really think that you have the ability to face the Mujahideen - the true Mujahideen that fight to make Allah's word supreme, not Pakistan, Kashmir, or any other secular or democratic cause. Remember that we are not some proxy or mercenary killers under the control of corrupt leaders who are in bed with the enemies of Allah. You have not yet seen the intensity of jihad, and yet here you are claiming victories before the real flames of war are yet to be blazed. This is ridiculous.

On the mainland of India, **the sons of Caliphate are the sons of Ghaznavi and Ibn Qasim, who subjugated the subcontinent to the rule of Islam.** Whose swords chop the heads of the Somnaths, and the idols in the temples trembled and fell face-

down at the sound of their footsteps. Indeed, these grandsons of Islam have put a bridle upon the Shirk of Hindus in India and forced the Hindu Baniya to crawl into their bills. And for hundreds of years the flag of Islam was raised on the Indian mainland and the Hindu polytheists continued to live in humiliation and disgrace. Insha'Allah soon the sons of Khilafah will get rid of your polytheism and blow up your temples with their explosive jackets, and In Sha Allah the sons of Khilafah will tear your Shivas and Hanumans to pieces so that the earth be cleansed from their filth, until only the word of Islam will prosper all over the world and the banner of Tawheed will be the highest. On that day, generations of Hindus will either convert to Islam or be humiliated and killed by the swords of the monotheists who will separate their heads from their Bodies. In sha Allah, **Bi'iznillah**. The results of this war have been written, and its end has been decided, the success of the people of Tawheed and the extinction of the Hindu polytheists is destined. So, we welcome the foolish Hindus into the war which they can never win. Welcome.

If you are a Muslim
then you must be a terrorist, so

**terror
them...**

because Allah has said:

keep prepared to meet them with whatever
you can afford of armed force and of
mounted pickets at the frontier, to strike
terror thereby into the hearts of the
enemies of Allâh and your enemies
and such others besides them that you
do not know, (but) Allâh knows
them. (Al-anfal: 60)

Carry out more bombing attacks, targeted killings and arson operations, as this is the most effective and efficient way to terrorize the infidels.

Write letters designating the infidel leaders, deliver printed magazines and jihadi material in USBs and memory cards from house to house, so that the infidels be terrified of these things in their homes, and that the invitation reaches every heedless Muslim, Let the argument be fulfilled on every intransigent.

Spread the flags of the Islamic State in every lane and street, and do graffiti or wall-chalking with words of temptation and encouragement, Hang banners and posters of the infidels in the public places regarding their death and forbid peaceful sleeps on them.

Show more Dawah activities on social media and send emails and private messages to the infidels and apostates who spread evil, so that they are afraid to leave their homes.

O Muwahhid, take precautions about your security and privacy in all these matters, because the disbelievers will be able to reach you through any of your shortcomings, so do not compromise on security measures and your privacy, after that rely on Allah and become a message of death to the disbelievers.

SAWT-AL-HIND
JUMAD AL-ULA 1443 H

“

Allah, the exalted, said: **and who are more unjust than those who forbid that Allah's Name be glorified and mentioned much (i.e., prayers and invocations, etc.) in Allah's Mosques and strive for their ruin? It was not fitting that such should themselves enter them (Allah's Mosques) except in fear. For them there is disgrace in this world, and they will have a great torment in the Hereafter. {Al-Baqarah:114}**

From among the most shameful and insidious attack on the Muslims of India was the demolition of Babri Masjid by the cow worshipping polytheists. In the year of 1992, a rabid mob of Hindu Mushrikeen stormed the masjid and demolished it.

This was not the first attack that was carried out on the Masjid. The cow worshippers made many attempts before, they put their idols inside the masjid, called for its destruction until they finally succeeded in achieving their goal. After demolishing the masjid, the Mushrikeen openly threatened to demolish all the Masajid in India. They constructed a temple over the ruins of Babri Masjid, claiming this was the birthplace of their false god.

Their gods and their idols are nothing more than their figments of imagination, there is no deity that they don't worship except Allah. Allah, the almighty, restricted the enmity of the Mushrikeen to creed. The demolition of Babri masjid was not a matter of politics or construction of a false temple, it was in reality the larger goal of the Mushrikeen to destroy

the hands of

Islam and Muslims and to manifest their shirk over Islam. Allah informed us about the Kuffar and Mushrikeen, **And they will never cease fighting you until they turn you back from your religion (Islamic Monotheism) if they can. {Al-Baqarah:217}**

This is the reality that the Muslims have forgotten, rather they have been made to forget this reality by the Ulema as suu, who sell the verses of Allah, who prefer the life of this world over the hereafter. From Babri Masjid to Al-Aqsa, the Muslims are constantly attacked and terrorized, their places of Worship are hounded and the biggest allies of the kuffar in these follies are the donkeys of Knowledge, the scholars of palaces and dinars. The ulema of hind are busy with their shirk and Biddah, they fight over saints and graves, all the while averting Muslims from the path of Jihad. **O you who believe, there are many rabbis and monks who consume people's wealth unlawfully and prevent people from Allah's way. Those who hoard gold and silver and do not spend it in the way of Allah, give them tidings of a painful punishment. {At-Tawbah:34}**

We are in an age where the Jews and the cow worshippers have formed an unholy alliance against Islam and its people. The tactics that the Jews practice in Palestine are now being taught to the Cow worshippers in India, who follow their masters to the word. The Muslims of India are lynched in broad daylight, they are not allowed to offer prayers, just like the Jews, the Mushrikeen shout over the recitation of Quran and Salah and hinder the people from the path of Allah. In Kashmir, the Masjid are locked, in Tripura, just recently, Masjid were burnt down, the book of Allah was desecrated and the Muslims continue to look on, broken and helpless. What brought this calamity on? The Sunnah of Allah does not change. The rise and fall of nations is based on the sunnah of Allah.

The same Hind that was once ruled by the Muwahideen, the soil of which is moist with the blood of the Mujahideen who fought the Crusading Britishers, is now being ruled over by Cow worshippers. The Muslims are now tormented by those who believe rats are incarnations of God. And nothing brought this on to except the heedlessness of the Muslims and their abandoning of the Book of Allah. Narrated Abdullah ibn Umar, I heard the Messenger of Allah, (PBUH) say: **When you enter into the "ain-**

ah" transaction, hold the tails of oxen, are pleased with agriculture, and give up conducting jihad (struggle in the way of Allah). Allah will make disgrace prevail over you, and will not withdraw it until you return to your original religion. {Sunan Abi Dawud:3462}

My dear brothers and sisters in Islam, for decades you sought honor and judgements in the courts of the Tawagheet, you sought to please the Mushrikeen, you watered-down your principles and your creed, you let the Shuyukh of misguidance play with you and what did you get in return? You are getting slaughtered in every corner of the country; your honor is violated on a daily basis and yet you continue to be indifferent. The Jews are slaughtering the Muslims in Palestine, they have occupied Masjid al-Aqsa, and the Mushrikeen are following suit.

They are preparing for a genocide. They will not stop fighting you until they render you broken and apostates. My dear brothers and sisters, the time has come for you to take heed, break the shackles of slavery and fight the Mushrikeen with your blood and your wealth. Allah, the exalted has placed great strength in Jihad. The time has come for you to embrace it. The time has come for you to return to your religion and fight those who fight against you,

A place with such an importance & loads of virtues gets demolished by Hindu outfits & later on all accused being exonerated add salt into our wounds.

They desecrated our holy site with much oppression, perversion & violation of honor cannot be ruled out nor be forgotten. Each & everyone who took part in demolition of our "**Babri Masjid**" deserve toughest punishments one could get, a kind of punishment those their generations will remember.

Religious scholars means Ulma us-sou & political parties criticized the judgment & exhorted believers to maintain peace & amity, but do such protests; criticism heals our wounds, no not at all.

Disbelievers think they are tough because of their numbers & current regime but we Muslims should always remember that we have always with us who are the strongest of all. Now we need to be ag-

& instead of defending ourselves we need to attack as 'attack is the best defense'. What could be a greater victory for a Muslim than a paradise as wide as heaven & earth. We need to keep in mind that the weapon is not yet built that can kill Belief.

Fight in the cause of Allah those who fight you, {Al-Baqarah:190} Allah has favored you with the most valuable gift, the gift of Islam, you are the people of Tawheed, the best people on the face of the earth. Your blood is not cheap for anyone to shed, your honor is too precious to be violated.

My dear brothers and sisters in Islam, know that the Mushrikeen just like their false gods and idols can neither harm you nor can they benefit you. It is Allah alone to whom belongs the dominion of the earth and the heavens. Make your obedience completely to Allah, restrict your love to Allah and his slaves. Hate the people of Shirk and prepare against them, **And make ready against them all you can of power, including steeds of war (tanks, planes, missiles, artillery) to threaten the enemy of Allah and your enemy, and others besides whom, you may not know but whom Allah does know. And whatever you shall spend in the Cause of Allah shall be repaid unto you, and you shall not be treated unjustly. {Al-Anfal:60}**

The war between Iman and Kufr has been ignited, the knights of Allah are terrorizing the Kuffar and the Mushrikeen everywhere.

The crusaders have been humiliated in Iraq and Afghanistan by the sons of the Khilafah. The Muwahideen are sacrificing everything they hold dear for the sake of Allah. The soldiers of Allah have not forgotten **Masjid al-Aqsa or Babri Masjid or Lal Masjid**, the Mujahideen remember their brothers and sisters who are locked in the dungeons of the Tawagheet. It is time for you my dear brothers and sisters in India to join this blessed caravan like your brothers who migrated to Syria and Khurasan.

And remember the words of Shaykh Adnani (May Allah accept him), **"If the kuffar have closed the doors of hijrah upon you, then open the doors of jihad in their face."** Utilize your resources and energies to make the word of Allah the highest, to establish the Khilafah, that is the only solution to your problems and the problems of this Ummah.

Become the soldiers of this blessed caravan and do your bit to liberate the Masjid, to free the prisoners. Become the companions of the sword and **"kill the polytheists wherever you find them and capture them and besiege them and sit in wait for them at every place of ambush."** {At-Tawbah:5}

Do they imagine that they will be left

When people talk about “Jihad for the sake of Allah”, It sounds great!

What beautiful words! - “Jihad for the sake of Allah”. But, in fact, not all the results and events of jihad are so pleasant.

Therefore, Jihad is not always about stormy speeches and fiery sermons, nor about rewards and spoils, nor there is always success and victory, neither conquering and occupying areas.

Rather, the loved ones die, friends get wounded and suffer, families are separated, years pass in prison, youth fades, desires are forsaken, limbs are mutilated, property is damaged and there is a lack of help and support.

In addition, there are many more difficult stages of jihad such as the mixing of people with different personalities and the conflicts that arise as a result. One can punch other, other might argue with someone for having disagreement. After all this is human nature. Muslims are not angels. They can make mistakes, or have different views and opinions; Some of which are permissible in Islam and some are not. There is a clear and wide difference between the beauty of the sa-

cred goals i.e., re-establishment of the Khilafah, and the cost of its fulfillment as the lives and property is sacrificed in the way of Allah. If we look at people’s assumptions about the Islamic State, we find that they expect an imaginary world; a world full of beautiful pictures, absolutely magical, intoxicated in vibrant colors, where skies raining constantly, there are plenty of crops, and our enemies are afraid of us because they know that we are helped by angels in wars.

They envision an Islamic state in which no one is poor or sick, and if one desires something, it appears to him at once. But on the other hand, if we study the Islamic state in the time of Madinah, we will not find this paradise, rather we will know that the followers of the Prophet, his family and companions, did not suffer less than what they suffered in Makkah.

The Companions (RA) also saw the most severe conditions of fear, such as what happened in the Battle of the Trench: **When they came upon you from above you and from below you, and when eyes grew wild and hearts reached to the throats, and ye were imagining vain thoughts concerning Allah (al-Ahzab 33:10)**

There was fear in the eyes of the people because of the serious threats posed by the enemies of Islam. It was a shocking test from Allah almighty.

Now compare this scene with the one that so-called religious scholars are promoting today. They promise you a wonderful state where there will be no fear or struggle,

where everyone will have a separate house. And there will be plenty of food, and non-Muslims will be converting to Islam in droves, inspired by us and our state.

Of course, there will be people who will become Muslims with the belief that Muslims are the right group to be associated with, that is, the group that guarantees worldly good, while other groups are unable to do so.

On top of that, we must keep in mind that the three of the four Rightly Guided Caliphs, Umar ibn al-Khattab, Uthman ibn Affan, and Ali ibn Abi Talib, were martyred by the enemies! And all this happened during the time of the Righteous Caliphate (The Most Gracious does mercy on whom He wills).

Those who do not understand the reality of Islam (complete obedience) are living in an imaginary world. As soon as they face trials, they take refuge in the wrong places, and then they give up and admit their inability to face the hardships and sufferings of life, and then in the Hereafter there will be no reward for them but punishment awaiting.

In this world, steadfast Muslims will seek help and refuge from Allah almighty and then in the Hereafter, by the grace of Allah almighty, they will enter Paradise, which is the final abode of steadfast Muslims.

Whereas, Islam is not limited to books, ideas, articles and page, Therefore Islam is a life that is beautified with success and failure. Correct actions reinforce and support this view while mistakes can lead to learning something new, detecting mistakes and avoiding repetition.

In Islam, mistakes are inevitable and predictable, so the divine laws of punishment and retribution were foretold to the Muslims, on whom the Islamic belief of Tawhid and Jihad for the sake of Allah was obligated. War is one of the many facets of human existence and cannot be forgotten or ignored.

A Muslim's life is not limited to waking up at night for worship, fasting during the day, constantly praying for forgiveness, exchanging gifts and doing other good deeds.

We are addressing the group of people who prefer to do small good deeds while ignoring huge good deeds for fear of making a mistake. They have covered their eyes and are unable to see the mercy of Allah almighty.

Jihad for the sake of Allah is a human activity that is done for the sake of gaining power and dominance. Jihad is actually a blend of human thought and actions.

The one who has been called to fight with the sword should not back and only fight by delivering sermons to

others, rather he should prepare his heart to experience the heat of the sword. This is the command of the Creator that Muslims has been given. So, if you say: 'Rise and fight', 'wage jihad in the way of Allah' - then you should expect certain results. You need to be prepared to deal with situations that others before you have experienced.

Let the hair of a child's head turn white (it is so difficult to understand the depth of this matter), many people will not understand the reality of fighting in the way of Allah, except for the true believers. And before you set out on the true path to Paradise, test your intentions, be steadfast in your faith in the Most Merciful, and fear Him.

If you feel that it is not possible for you to stand up and fight, then know that there are some people who feel safe living in nests like birds where their chicks are eating and drinking, and living their lives. Peering through the windows of the house watching the life pass by. While on the other hand, a fierce battle is being fought

between the Muslims and the infidels. But when the war is over, some of them will come with their 'important' lessons to tell us: This was told to you. Didn't we warn you? We expect this We ... we and so, on and so forth. May Allah Almighty shorten their long tongues.

Allah almighty says: **Being stingy towards you. And when fear approaches, you see them staring at you—their eyes rolling—like someone fainting at death. Then, when panic is over, they whip you with sharp tongues. They resent you any good. These**

have never believed, so Allah has nullified their works; a matter easy for Allah. (al-Ahzab: 19)

So, do not be of those who are left behind with these women, but stand up and prepare yourselves for adversity. Indeed, these are compulsory for faith, as your Lord has commanded: **Alif Laam Meem, do they imagine that they will be left (at ease) because they say, we believe, and will not be tested with affliction? (al-Ankabut: 1)**

Therefore, O you who believe, stand up, rely on your Lord, rely on Allah, and whoever relies on Allah, then He will suffice for him, and stand up against the disbelievers all over the world, indeed help of your Lord is enough, jump on the wagon of Khilafah and support your Imam in fighting to raise the word of Allah almighty and subdue the word of disbelief. Indeed, Allah almighty is predominant over His affairs but most do not know.

And none knows the **soldiers** of YOUR **LORD** EXCEPT HIM!

What do you think - that you have wronged our brothers and sisters in Hind are not making Dua against you every day to a Lord that does not forget your oppression? Do you think when you log off your screens or hang up the jail keys, or when you go home from your intelligence offices that Allah is not in control? Do you think He doesn't see you? Every bite of food you take can be the one to choke you to death! Every breath may be the last before you go into a cardiac arrest!

The propaganda that reaches the masses is designed to persuade them of a narrative well known by its producers of being far from the truth. When an average kafir reads in the newspaper or watches on mainstream media the demonizing of Islam and the Islamic State, he buys it without speculation. He is only concerned with petrol prices, the latest entertainment news, and his own work. He wants his daily tea and couldn't really care less nor is he bothered about the truth. Such losers are well known to the leaders among the kuffar. These are leaders that study Islam to be able to fight it and if and when catastrophe strikes, they protect themselves far before their subservient.

The top generals, military leaders and politicians are well aware of the skills and reach of the Islamic State, and so whatever lies they project onto the people of the Islamic State's so-called weaknesses is usually a sign of their insecurity and fear. They are far too familiar with their enemy and unfortunately for them so are we. They know that the lowest soldier of the Islamic State is com-

mitted to death and firm on his religion; the uniting force for all the mujahideen. They know that unlike their for-hire soldiers and contract mercenaries, the ever-ready mujahideen will volunteer their lives and wealth for the cause.

Despite our constant threats and warnings to our enemies, we are aware that after all they too are human and mere men working on a salary for their countries. And so, they are assigned to either be pawns on the frontlines as cattle, or they work as talking heads in the media war against Islam, or they work for the think tanks strategizing new ways to suppress the religion of Allah, or they may even be assigned to read and monitor these very magazines of ours. So, we say to those **RAW, CIA, ISI, MI5, and all the intelligence agents** working from behind their computer screen this very instant, are you truly willing to be sacrificed as a pawn? Would you like to come fight the mujahideen thinking that all you saw about them in the media was true and so you come to the battlefield only to realize you are not man enough? Do you want to return home without a leg or arm, having developed PTSD, and later killing yourself out of depression? Do you want to risk all of that, and acquire Hell, while your wife and kids get some meager pension in rupees or dollars that you will never see? Or do you want to die in ways you never imagined like your General Bipin Rawat and other men, whose names are not even considered worthy for most to remember? Twelve of those thirteen men dead in the recent helicopter

crash are only referred to as **“12 other men”**. Doesn't that make you afraid? Are you really that patriotic for a country that has open defecation issues? How pathetic! All of that to die and go to Hell!?

And don't think for a moment that your war is just against the Muwahideen. You are not just fighting ordinary men rather your war is against everything in the universe, the lord of which you have committed shirk against. Every being in this universe whose lord you have committed shirk against, is at war with you. Allah is not in need of soldiers or armies to punish his enemies. Allah is able to send his punishment in any form that he wills, killing you one by one or all together. Like the lice and locusts and blood that Allah sent to punish Bani Israel and before that Allah caused the Pharaoh to drown in the sea along with his army. The whole world saw recently how many Hindus in India died because of Corona virus and the stench of their burnt bodies spread to all parts of the country and their filthy ashes turned the water of Ganga and Jamuna bitter. And the dozens of Kuffar who were charred to death in a matter of moments, in the sky, and all praise is due to Allah.

Listen O' Mushrikeen, you have taken your precautions and devised your plots against the assaults of the Muwahideen but Allah will punish you

with things that you cannot imagine in your nightmares. As he almighty said: **And they thought that their fortresses would protect them from Allah; but [the decree of] Allah came upon them from where they had not expected, and He cast terror into their hearts [so] they destroyed their houses by their [own] hands and the hands of the believers. So, take warning, O people of vision. (al-Hashr: 2)**

So, every errand you run outside your home is a potential car crash! Be ready to reach Hell, even if you die in your sleep. This is the result of the Duas of the believers that you have oppressed. You are nothing but pawns protecting your kings and queens, and they will never hesitate to sacrifice you. Be smarter and quit. Or live the rest of your short lives with anxiety and PTSD. Then, Hell.

If Allah willed, He could have narrowed the earth for the Mushrikeen, and imposed the winds and the waters upon you, and no one knows the soldiers of Allah except him, or if He willed, He could have punished you with Our hands., As he almighty said in his Quran: **Say, “Do you await for us except one of the two best things while we await for you that Allah will afflict you with punishment from Himself or at our hands? So, wait; indeed we, along with you, are waiting.” (al-Towbah:52)**
